

# ***RIGHT NOW FOR CARROLL!***

## ***The Bottom Line on the Proposed Bartlett Acquisition***

- **The benefits for YOUR CHILD: Increased classroom spaces; Tutorials adjacent to classrooms; Large community meeting space; Small group meeting areas; Gymnasium; Outdoor play areas; Lunch Room; Add a 9<sup>th</sup> grade program; Help 100 more children with dyslexia; Address traffic problems on Lincoln campus.**
- **This purchase will secure Carroll's long-term financial stability and allow the Board to keep tuition increases to a minimum.**
- **We must raise \$4.5 million in cash and pledges by Sept. 15 in order for the Board to move forward with the purchase of the Bartlett campus.**
- **Nearly \$2 million has been raised to date from Trustees and past and current parents. That's \$2.5 million to raise in the next 10 days.**
- **We need you, and everyone else in the community, to MAKE A CONTRIBUTION/PLEDGE to the full extent of your capacity in order for Carroll to purchase the Bartlett campus.**
- **298 kids and \$2.5 million to raise, that's nearly \$8,300/child. (Gifts from current parents have ranged from \$1,000-\$300,000.)**
- **Please talk to your family friends and colleagues who might be interested in contributing to this worth cause.**
- **Consider the words of an alumni father: "My child has benefited from your care-giving more than we can ever repay (although he attended years ago). We want to help."**

***This is not a done deal.
